III. Courses

- a. No courses to be presented or needing discussion/approval

IV. New Business

- a. Dr. Kim McLain, update from Institutional Effectiveness & Enrollment Planning
The Self-Study will be reported next week. Then work will begin to prepare for site visit on March 29-31.
- b. Racial Justice ILO
Went to Health Science division with the new ILO. They didn't have issues with the wording of the statement, the main concern was how courses are going to be mapped to it. They had a sense of where they would be putting it into courses already. Going to LA, STEM, BUS divisions next week to discuss the ILO statement.

The new ILO is expected to be implemented this semester. Once the statement has been approved, then curriculum maps will be revised to add the new ILO. Probably won't be assessed this semester, but it will be implemented.
- c. Further discussion of courses that did not map to ILOs.
BIO 131-132: R. Frieze said before that they do not map to ILO4, other bio courses do. This caused some programs to not meet ILO 4. Through further conversations with the

department, it has now been confirmed that these 2 courses do meet ILO 4 and the issue is now solved.

V. Call for New Business
