Credits: 6

Hours

18 Clinical Hours/Week

Course Profile

Learning Outcomes of the Course:

Upon successful completion of this course the student will be able to:

1. Perform and demonstrate continued professional attitude and advanced imaging procedures under more indirect supervision for second year level students (focusing on procedures such as: skull, sinuses, facial bones, surgical, pediatric, trauma) with a commitment to diversity, equity, and inclusion.
2. Maintain radiographer's practice standards and HIPAA compliance, and proficiency in the use of radiographic digital equipment, radiation protection, patient communication, and contrast agents.
3. Perform with 80% accuracy a minimum of 10 competencies on specific categories, after proving proficiency on campus practical exams.
4. Clearly articulate an issue or problem.
5. Identify, analyze, and evaluate ideas, data, and arguments as they occur in their own or other's work.
6. Acknowledge limitations such as perspective and bias.
7. Develop well-reasoned (logical) arguments to form judgments and/or draw conclusions.
